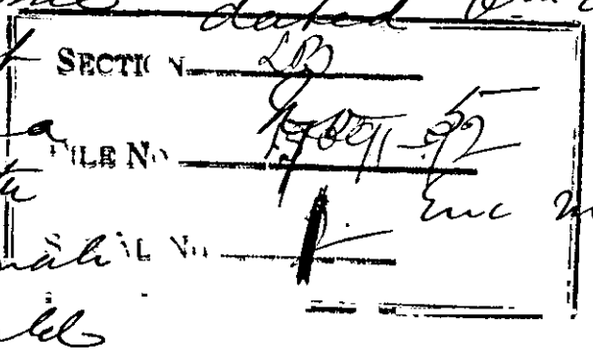
Enclosure No 4 to the Secretary Hassan Dist

From The Vice President
Hassan Municipality

To
The Chief Secretary
Mysore Govt.

dated the 4th April 92



Enc Nil

Sir

In making the following representations I have the honor to bring to your kind notice that I made a request to the President Hassan Municipal Board that only candidates with professional qualifications should be preferred for the appointment of municipal overseer which lately fell vacant - The president was kind enough to get a notification inserted in the Mysore

for the above reasons it is my humble opinion that the newly appointed overseer will not be able to discharge his duties to my satisfaction, and I am afraid the condition of the town will become worse but anything satisfactory if a better man with professional qualifications could not be appointed to the post

I have the honor to be
Sir
Your most obedient Svt
Es Krishnaswami
Vice President
Hassan Municipal
Board

Enclosures No. 5

General No.

No.

The Dr Cantt is requested to explain why he refused to forward the protest against appointing an inefficient and ignorant overseer by the responsible authorities of the municipality as the Vice President ~~and also the Secretary~~

The Dr Cantt will also report upon the objections raised by the Vice-President to the appointment of his nominee on the ground that his appt was made ~~though~~ though a nominee of the Executive Engineer with a decent amount of experience in the P.W.D. was available for the post.

have done better in the Case under reference than he has done, as it is but right to assume that he takes as much interest in the Municipality as the Vice President, and I would not trouble Government in the matter if it were not for the principle involved that appropriateness and special qualifications are so often sacrificed to "Convenience" and not infrequently square men put into round holes in such appointments.

4.— I would under these circumstances beg to suggest for the consideration of Government the advisability of laying down some General rules for the guidance of Municipalities that no man should be eligible for the appointment of Municipal Overseer who does not possess a good knowledge of English and a fair knowledge of surveying and levelling and some practical knowledge of sanitation.

5.— Surveying and levelling could be taught them by the Public Works Department and the General principles of sanitation they could learn from an Elementary work like of Sterndales "Municipal work in India", or if they had the capacity and wish to further improve their knowledge in that direction by a study of the books recently written by Surgeon Major McNally of the Madras Medical Service and Mr J.A. Jones, Sanitary Engineer with the Government of Madras.

6.— If some procedure of this kind were adopted and perhaps the pay increased, a valuable

an

and useful class of subordinates would in time be created who would be capable of giving useful practical advice to inexperienced Presidents or Vice Presidents of Municipalities, and if, as I suggested some time ago, all Officers in Charge of Municipalities and other revenue Officers down to Amildars included were compelled to acquire a knowledge of Hygeine and sanitation sufficient to be capable of practical application many defects which now remain unnoticed as they go through their districts and talukhs would then readily attract attention and simple measures for their removal would at once be adopted and in this way a foundation might be laid for a General system of improvement in village sanitation.

Enc: no. File correspondence

In enclosing copies of correspondance between myself and the Dy Commissioner Hassan Dist concurrent the appointment of a qualified overseer for the municipality of Hassan I have the honor to invite your attention to my letter no 5x to the Chief secretary Mysore Govt. which has been returned by the Dy Commissioner without even being recorded my reasons for making the representations to the chief Secretary are that though the octroi Revenue of the Municipality under my

Dy No 974/14/4/92

x enclosure to letter no 4 to the Dy Commissioner Hassan Dated 2

supervision, doubled itself as will be seen from the figures quoted in the margin, the public works and conservancy departments remain in the same unsatisfactory state that they were when I took charge in July 1890. This state of things is due chiefly to the want of an efficient hand to carry out works in the departments, and not to any want of energy and supervision on my part. The late Assessor was only an accountant and knew nothing of public works - with so little help I was not able to effect any marked improvements in the Public works service beyond the usual repairs. Now when a vacancy occurs the Sanitary Commissioner again pitches me a accountant to do the duties of a municipal overseer though there is a promise in the Sanitary Commissioner's letter no 44 to appoint a qualified man at the next vacancy, I am afraid I will have to wait for years before that promise can be fulfilled because vacancies on Rs 25 do not occur often. In the mean while I am afraid the state of the town will deteriorate very much and the blame is likely to be thrown on me. So I humbly request that you will kindly consider my position and forward the correspondence to the Chief Secretary Mysore Govt. for any needful action.

No 5 from Vice President to the Chief Secretary requesting the whole case stating reasons for the ~~demand~~ enquiry for duly qualified overseer

No 44 from Commissioner promising to appoint a duly qualified hand on the first vacancy occurring and returning the representation addressed to the Chief Secretary.

GOVERNMENT OF MYSORE

From the Vice President Hassan municipality.

To the Commissioner Hassan Distt

Rep. dated. 8th March 92

Sir

I have the honor to report the death this morning of municipal overseer Samanna Mohatarfa Mutsaddi Nunjah has been ordered as a temporary measure to do the duties of municipal overseer. In the entertainment of a new hand I beg strongly to recommend that only candidates with some training in the P.W.D and with a fair amount of knowledge of Kanarese should be preferred. I will find it very difficult to get proper work done by men like the late overseer and in fact with the present increased amount of municipal Public works it will be impossible for me to get works done well by an overseer with no professional training at all

dated 6. no 4. Enc no 1

Sir

With reference to your docket no 38 dated Camp. 2nd April 92 appointing one J. Venkataramanaiah to the post of municipal overseer and in continuation

ation of my letter of I have the
honor to bring to your notice that
in my humble opinion it is not
possible for the newly appointed
municipal overseer with his weak
eyesight to learn surveying and
levelling and that here as con-
templated in the order of
appointment -

This well known bad state
of the municipal roads are at
present and the drains too are
far from satisfactory - this is
chiefly due to be attributed to the
unsatisfactory way in which the
roads were repaired by non-
professional men for the past
many years and to the utter
ignorance of levels and amount
of drainage in the construction of
drains -

The work of the municipal overseer
has been lately increased and
is likely to recede further additions
in the near future - Portions of
Provincial and L.C. roads within
the municipal boundaries
have to be maintained by the
municipality - This work alone
has an allotment of about Rs 500

or as much as the allotment for the
usual repairs for the whole the municipal
roads. Considerable improvement
to the drainage and water supply of the
Town have to be undertaken in the near
future - I request therefore that you
could kindly reconsider the nomination
and appoint a man as granted, with
surveying and levelling. The man to be
recommended by the Ex-Engineer Mr. Narasu
Dist appears to be an eligible candidate
If still you are unable comply with my
request I request you will kindly
forward the enclosure to the Chief
Secretary for my proper favour

Order thereon

The letters read above will be communicated to the Dy Comr of the Hassan District.

2. The Government consider that the appointment of a man unacquainted with his work as Municipal Overseer was irregular. The appointment

of Venkatavaradaraja should
therefore be at once cancelled.
The "Dy Coms" says that the
appointment was made because
the Chief Engineer once
cancelled the ~~appointment~~ ~~he~~
~~proposed~~ ~~appointed~~ to appointment
he made "in filling up the"
maramat Muttireddy's place" | shortly allowed
Probably the Chief Engineer
objected to the appointment
because it was made without
his consent and that is no
reason why an ignorant man
should be appointed to the
place under notice. Under
no circumstances will Govt
allow the employment of
unqualified men. Fitness
to the post is a consideration
to which all other considerations
must

must be subordinate.

Dy Commissioner's Office
Kalpan District
Dated Kalpan 2nd June 1892.

From

The Dy Commissioner
Kalpan District,

To

The Chief Secretary to the
Govt. of Mysore,

Sir,

With reference to Govt.
Pros. No. 2438—9 dated 12th ultimo,
Pros. No. 2346
making observations on the
arrangement made by me
for filling up the post of
Municipal overseer of the
Kalpan Town Municipality,
I have the honor to state
that as per suggestion sub-
-mitted by the Vice President
an advertisement was
published in the Mysore

Gazette inviting applicants
for the vacant post. Among
several applications received,
there were some prospering
only some professional -
knowledge and others quite
ignorant of the English lan-
-guage. Under this circumst-
-ance I considered over the
matter, made a reference
to the previous arrangements
made by my predecessors
(since the creation of this
appointment) for filling
up this appointment on
former occasions, also
thought of the nature of
the post which required
an official prospering ex-
-perience in Revenue and
Financial Matters. There
being

IOR001

being no separate clerical establishment for the Vice President who is purely a Medical officer, I appointed for the post J. Venkatrama-naiya, Forest Head Clerk, Matriculate of the Madras University, possessing good experience in Revenue and account branch, with a view that with the professional assistance of the District Forest overseer in the matter of Municipal works, this Municipal overseer would do well till a more suitable hand could be secured. -

Under the authority of the Proc. quoted above, I have however cancelled

the above arrangement.
and appointed on probation a trained
hand viz: one Boraana,
a Matriculate of the Madras
University who has completed
his F. A. course, and a
passed candidate from
the Madras agricultural
College, and issued orders
to join the appointment
forthwith
